Continuation of Substance of Interview including description of the general nature of what was discussed: The above claims were discussed in view of the Board Decision of January 9, 2008, in which claims 62-65 were in immediate condition for allowance. Several of the remaining dependent claims were indicated as allowable subject matter, for which the appellants have placed a portion of these claims in independent form, such that claims 21-27 and 29-38 are now in condition for allowance as well. As a result, claims 21-27, 29-38, and 62-65 are allowed and presented in their entirety in the attached Examiner's Amendment.
